Abstract

Aim:

Materials and Methods:

Results:

Conclusion:

Key words:

If the article extracted from the thesis has received an acceptance letter or been published, it is necessary to add these sentences in a line below the key words as follow:

- This article has received an acceptance letter from the journal in (date).....
- This article has been published by the journal in (date)

Introduction

Times New Roman36 Bold

-From here, page numbering of the thesis should be started

Introduction

This part should include a preliminary explanation of the study. Utmost, it should be 2-4 pages.

References should not be cited in this part.

Chapter One: Research Principles

Times New Roman36 Bold

Dental Caries (Primary title)

Description and Etiology of Dental Caries (Secondary Title)

Clinical Diagnosis of Dental Caries (Subordinate of secondary Title)

Radiographic Diagnosis of Dental Caries (Subordinate of Secondary Title)

Conventional Methods (Subordinate of Radiographic Diagnosis Title)

Advanced Methods (Subordinate of Radiographic Diagnosis Title)

- The font for primary title should be Times New Roman, 18, Bold and secondary titles must be Times New Roman, 16, Bold. In addition titles of the legends should also be written in the same font style and size.
- Subordinate titles (if needed) are typed with Times New Roman, 14, Bold.

Chapter Two: Review of Literatures
